## FACTSHEET DISABLED GUESTS

We have the following amenities for our disabled guests:

- Completely stepless and barrier-free from the safari car to the restaurant and the villa. Everything in the villa is also barrier-free.
- The front door of the villa and all the doors of the master bedroom are at least 90 centimeters wide. The patio doors are 1.40 m wide and the doors in the restaurant are also 1.40 m. Manyara's Secret has an open kitchen where all our guests are welcome to come and have a look.
- Outdoor shower (2.7 m x 2.45 m) accessible and, if necessary, equipped with shower chair. The shower chair is 48 cm high and 51 cm wide.
- Indoor shower (without door and 2.2 m x 1.05 m) accessible and, if necessary, equipped with shower chair.
- Our guests can use a wheelchair under the sink in the very spacious bathroom without a door. The access to the bathroom is 1.45 m wide.
- If necessary, we provide the toilet with a riser (in that case the toilet is 51 cm high) and a toilet frame (the frame is 72 cm high and has a width of 56 cm).
- Our kitchen brigade is very flexible. Dietary requirements are no problem. To prevent food waste, we like to know this in advance.
- Due to our location, our guests can make day trips from this comfortable villa to Lake Manyara's NP, Tarangire NP and the Ngorogoro Crater. Even with limited mobility there is plenty to see and experience at Manyara's Secret. For example: our Maasai neighbours are happy to visit us upon request.

These facilities are available in a double villa and a six-persons villa. Always contact [reservations@manyarassecret.com](mailto:reservations@manyarassecret.com) in advance to check whether these amenities suit you and whether these specific villas are available.
