

FACTSHEET

SOCIAL RESPONSIBILITY

Manyara's Secret was built and managed with a focus on nature and the community. Let us inform you about this special place.

Our water comes from a source and due to the construction of our pipeline, the surrounding Maasai villages now have clean running water. We use a 4-step filter system to produce high quality drinking water to reduce plastic bottles.

Electricity comes from our solar park and the water is heated by solar boilers.

Manyara's Secret was built by local builders using local materials. All furnishings are by local carpenters. This partnership not only thrives Manyara's Secret, but also our community.

In short: we have an eye for the well-being of our team, the needs of our community and the importance of climate and nature.

EXCLUSIVE BOUTIQUE LODGE

Manyara's Secret is located right on the sunny side of the lake. It's small-scale with a maximum of 38 guests. All villas are right on the lake and have their own private (plunge-) pool.

VARIED TRAVEL GROUPS

Whether you come with your loved one for a romantic stay or with your family of several generations: there is always an atmosphere of tranquility.

This is an overview of our villas:

- 5 x 2 pers. villa, private plunge pool & outdoor shower.
- 1 x 2 pers. Honeymoonvilla, private plunge pool, outdoor shower, private fireplace, private dining.
- 3 x 4 pers. villa, private plunge pool & outdoor shower with interconnecting door.
- 1 x 6 pers. villa, private swimming pool & outdoor shower
- 1 x 8 pers. villa, private swimming pool & outdoor shower

All rooms have an en-suite bathroom.

We offer a 2-person villa and a 6-person villa that are fully accessible for disabled guests. Read the information in the [factsheet for disabled guests](#) and indicate in advance what you need.
