DISCOVER MANYARA'S SECRET
TWO- AND THREE NIGHTS STAY
WITH FREE EXTRAS

Because Manyara's Secret is located on the sunny side of Lake Manyara, it is the ideal place to recover from the flight or to relax after intensive safari days.

Offer your guests a multi-day stay including all kinds of extra activities and a free cultural tour.

Please note: Kilimanjaro airport is three hours away. Lake Manyara Airport is 20 minutes away. The only thing these guests need at the end of their holiday is an airport transfer.

OPTION 1

2 Nights stay = one full day at Manyara's Secret, full board.

Free extras:

1. Walk along the lake with our guard. We will take your guests for a morning walk along the lake. Especially early in the morning they will enjoy the awakening of the birds. They may encounter a mongoose family, monkeys, or our dikdik-couple.
2. Behind the scenes. Guests often ask how we get our water, where our electricity comes from and how the lodge was built. We are proud to give a tour to our solar park, the water basin and everything else that is happening in a social responsible lodge.
3. Meet our neighbours. We offer your guests a visit to Mama Issayia's boma. It gives them the opportunity to get to know the real life of our Maasai neighbours.
